Memorandum to: Field Offices, Market News and Grading Division
From: Fred J. Beard, Market News and Grading Division,
Livestock and Meats Branch
Subject: Transmitting list of Meat Grading Personnel

It has been some time since a list of our meat grading personnel has been furnished field offices and as we have had numerous requests for such a list, we have prepared and are enclosing copies of a list of meat graders by regions as nearly up-to-date as possible from the information at hand. The National meat grading supervisors and their assistants are also indicated.

If you discover any discrepancies in the list as it applies to your particular station, we shall be glad to be so informed.
